

MIKHAIL EMAD ALBER

Computer Science & Engineering Graduate | Full-Stack Developer | IT Support & AI

New Cairo / Assiut, Egypt | (+20) 128 998 1076 | Mikhailemad999@gmail.com | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Computer Science and Engineering graduate with hands-on experience across IT support, production web deployment, full-stack development, and AI/data projects, with **35+ web projects built** across full-stack and software workflows. Experienced supporting business software and customers, troubleshooting application and network issues, working with Ubuntu servers and hosting environments, and building REST-based web applications using React, Django, Python, SQL, and modern deployment workflows.

PROFESSIONAL EXPERIENCE

Junior IT Support Engineer | Petra Software 2025 – Present | Assiut, Egypt

- Provide technical support for company software and customer environments; investigate application, system, connectivity, and configuration issues and coordinate fixes with developers.
- Work with Ubuntu servers and production hosting environments, including cPanel and SiteGround; support website configuration, domains, databases, deployments, and service availability.
- Deploy and maintain real-world web projects on live servers, validate releases, troubleshoot post-deployment issues, and document recurring solutions.
- Assist with customer onboarding, software installation/configuration, user guidance, issue reporting, and day-to-day operational support.

EDUCATION

Bachelor of Science in Computer Science and Engineering | The Egyptian E-Learning University (EELU) - Assiut Branch Graduated 2025

SELECTED PROJECTS (DIRECT GITHUB LINKS)

Retail Data Warehouse & Analytics Platform Python | SQL Server | MongoDB | Flask | Pandas | ML

Built an ETL-oriented analytics pipeline moving normalized retail data from SQL Server into a MongoDB warehouse, exposed through a Flask API for data analytics and predictive machine-learning workflows.

Restaurant POS & Operations System React | Django REST | PostgreSQL | JWT | WebSockets

Designed a production-oriented restaurant platform covering dine-in/takeaway/delivery orders, floor table maps, cashier/manager/waiter roles, kitchen screens, multi-station printer routing, inventory, and bilingual operation.

Hospital Management & Operations System React | Django REST | PostgreSQL | RBAC

Designed an integrated hospital operations system spanning patient appointments, emergency care, pharmacy inventory with automatic stock deduction, surgery costing, doctor profits, nursing tracking, and department reporting.

Real Estate Management Platform React | Django REST | PostgreSQL | JavaScript

Designed a property marketplace with listings, advanced search filters, map integration, agent dashboards, viewing appointments, booking management, mortgage calculators, and analytics.

Face Mask & Emotion Detection System Python | OpenCV | TensorFlow/Keras | CNNs

Built a real-time computer vision system simultaneously detecting face mask compliance and classifying human emotional states from live video streams with high edge inference efficiency.

Machine Translator (English to Arabic) Python | NLP | Seq2Seq | Transformers

Developed an attention-based sequence-to-sequence translation model converting English text to Arabic with contextual grammar and syntax preservation.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML5, CSS3, SQL

Frontend: React, Bootstrap, jQuery, responsive UI development, Three.js / WebGL, CSS 3D Transforms

Backend: Django, Django REST Framework, REST APIs, JWT authentication, Flask, Node.js

Databases: SQL Server, MySQL, PostgreSQL, MongoDB, pgAdmin, Redis

Dev & Deployment: Git, GitHub, Ubuntu/Linux CLI, cPanel, SiteGround, live-server deployment, Docker

AI / Data: Data Analysis, Machine Learning, Deep Learning, NLP, Computer Vision, Data Visualization, ETL

Core Concepts: OOP, database design, API integration, authentication, troubleshooting, production support

CERTIFICATIONS & TRAINING

Data Science and AI Diploma — **AMIT Learning** (243 hours, Grade: **95% Top Distinction**) 2026

Full-Stack Web Development Diploma — **AMIT Learning** (220 hours, Grade: **79%**) 2024 – 2025

Huawei AI Training — **Huawei Technologies** 2022

LANGUAGES

Arabic: Native | **English:** Upper-Intermediate (B2 Professional)
